

CONGRATULATIONS!

Julian A.

St. Justin Martyr School is very proud to recognize one of our

Grade 8 P.A.C.E. students, *Julian A.*, for an outstanding academic achievement in the Canadian Geography Contest. This national competition challenges students in Grades 7–10 to expand their geographic knowledge and apply critical thinking skills to complex, real-world questions.

After earning FIRST PLACE at our school level, he advanced to the Provincial/Territorial competition, where he continued to excel. His strong performance placed him among the **top 20 finalists** in Canada—an impressive accomplishment that reflects both dedication and academic excellence.

He will now move on to compete at the **National level this May**. We wish him continued success as he represents St. Justin Martyr School and the YCDSB on the national stage.
